

**Secretary:**

**Joan Link**

It has been a pleasure to serve on the board for the 2005-2006 year. As a relatively new sailor, with little racing experience, I initially questioned how I could contribute. However, in a very short time, I became acquainted with SLSC members who shared their love of sailing and of the club. Consequently, my enthusiasm grew and I learned a great deal. I look forward to watching the club maintain its charm while paying attention to critical updates. Next year, I hope to help the Social Committee and continue my involvement with the Waterfront Committee.

Respectfully submitted,

Joan Link
